

Sunprime Ayia Napa Suites, as part of Sunprime Resorts, has been practicing sustainability issues for continuous improvement towards a sustainable tourism sector. Below you can read about our work in relation to the environment.

Our hotel is committed to sustainability by adopting Travelife's principles and requirements in preserving the environment and improving local community relationships. Travelife is a global accommodation sustainability certification, respected for being impartial and robust, covers emissions, biodiversity, human rights, fair labour, child safeguarding and animal welfare.

We measure our greenhouse gas emissions, monitor and minimise our environmental impact across energy, water, waste, wastewater, hazardous substances and biodiversity. Our environmental action plan includes the reduction in consumption of energy, water and chemicals and waste.

We comply with all labour legislation and treat our employees fairly. We are actively protecting and respecting human rights, and train all employees about how to identify and report signs of child exploitation and abuse.

We are against all forms of unlawful and unfair discrimination. All employees and guests are treated irrespective of gender, age, race, disability, sexual orientation, marital status, religious belief or otherwise.

We are proactive when it comes to supporting our local community. This includes things like giving information to guests about respecting the local way of life, ensuring they do not hinder community access to important resources and services and supporting a local charity or community improvement initiative.

All hotel departments and employees participate in this effort. We also motivate and put pressure on our partners, suppliers, and local authorities to accept and implement similar practices.

We encourage you to join our efforts during your stay with us. Simple things you can do...

- 1. Reduce, reuse and recycle. Make use of the three recycling bins in your suite.**
- 2. Save water. Reduce the flow of water or turn off water when not needed.**
- 3. Save energy. Turn off lights and air condition when leaving the room.**
- 4. Experience the rich Cypriot civilization, culture, history and way of life. Our Front Office will be glad to provide you with suggestions.**
- 5. Taste the excellent local cuisine.**
- 6. Donate to a local charity.**
